When I Grow Up: Professional Dreams Coloring Adventure

Discover Amazing Careers Through Colorful Fun for Kids Ages 6-10

Doctor

What Doctors Do: Doctors help people stay healthy and treat them when they're sick. They use special tools like stethoscopes to listen to your heart.
Fun Fact: Your heart beats about 100,000 times every day!

Doctor

Think About It: What would you say to help someone who is scared to visit the doctor?

Firefighter

What Firefighters Do: Firefighters put out fires and rescue people and animals in danger. They wear special gear to stay safe around fire.

Fun Fact: A firefighter's coat can withstand temperatures up to 1,200 degrees Fahrenheit!

Firefighter

Think About It: Why do you think firefighters work together in teams?

Astronaut

What Astronauts Do: Astronauts travel to space to explore and conduct experiments. They train for years before their first mission.
Fun Fact: Astronauts grow up to 2 inches taller in space because gravity isn't pulling on their spine!
